

P/1 to whom ever it may concern

I mark means Have the following to Report.

on Sunday april 5, 1992 aprox, 16:45 pm I mark means as a inmate at the Suffolk County Jail in fact saw thomas shay on the telephone, While mr shay was on the phone I WAS sitting Down IN The Living Room Watching T.V. a Bout 16:55 I got up from watching T.V.

and I still saw mr shay on the Tele phone, So I Proceeded Down the Hallway To The other end To get Some Napkins and forks so I could set up my table aprox, 5 00 pm

The Telephone Rang, and mr shay was standing By the Telephone. so I said Shay answer the phone, He Just stood there Looking at me. So The telephone Have Rang about 3 times, ~~So I went over to the~~

So I went over To the tele phone to answer it and mr

shay put His Hands over the telephone so I could not answer it, so finally I snatch the Telephone a way from mr thomas shay, and I answered it, and it was the AT&T operator. She said was this the medical unit and

I said yes it was. The operator also said who was just on that phone, and I said I did not know, and the operator said well some one made a Bomb threat and that The Boston police is on their way there. so I

said ok and I Hung the Telephone up. Shay went over to The telephone after I got off The phone and took his shirt & wiped the phone clean.

Early on this day Mr Thomas Shay was arguing with me. Mr Shay said He was going to get me back for calling him a cop killer and a Prank Caller. Mr Shay said He will get me back and he also said that He will get me kicked out of the medical unit. approx. 7:20 PM Lt Larkins and Mr Thomas Shay approach me and Mr Shay stated in front of Lt Larkins that I Mark means made the Bomb threat. I told Lt Larkins that I did not ~~know~~ made any Bomb Threat at all. I told Lt Larkins that Thomas Shay had an agreement with me and that he was going to get me back some how. So Lt Larkins moved Mr Shay to the psych side of the medical unit.
