IM Thomas. A. Shay Bed # 2795

Rm 5569

Officers Name

D. Morelli

an inmate named Kirby was watching TV with the rest of the group, his room # was or is 5568. I asked the second officer to open my room so I could use the toilet and officer morelli said dont open any doors to the second officer so I sat down. I thought because of a deal's agreement that I had with officer morelli last night that he was pressing me and using what little clout he has, in not letting me use the bathroom to by his hopes maybe upset me. But I just sat back down. Kirby got up in ten minutes and asked to use the bathroom and was also refused. Then he said he wanted to smoke a cigarette. The officer put down his cigar, stamped and walked up to Kirby and went up to his face and said too bad. Kirby said just open my father's door officer morelli said ok open 68. The second CO did and as morelli shut the door, he said ok asshole you're in for the night. Then said loudly anyone else need to use the bathroom (as in does anyone else want a lock in) after that officer morelli because real suspicious and said to me, what did you say I said I didnt say anything. Because I did not. Brown in Rm. 5565 is my witness to today's events. Sincerely Thomas Shay

IT was about 7:30 PM when OFFICER (DMORELLE )  
approached MR. Thomas A. Shay and the other inmates  
and told us that He wanted to watch The Bruins  
Game. when we and other inmates told Him  
that we wanted to watch a movie at 8 PM. He  
said that we could not. That He runs the Show.  
I took command and wrote a letter to the Lt. Larkin.  
When the Lt. Read the letter & He told the Officer  
that IT was our TV. and we could watch what  
we wanted. The officer knowing that I had written  
the letter. made my night a little more harder.  
First while watching TV. He said that He was writing  
an Incident Report and would see me on the  
Sixth Floor which is the whole. Then (He said  
what did you say with a loud tone.) I didn't  
say anything. and then told him that I didn't.  
Then with a loud tone He constantly said (what  
are you looking at. at this point the officer told  
me to sit up and not to move the furniture (I  
(didn't even move) when Lt. Larkin came back  
She asked what was bothering the officer said  
OHH. That was Shay burning something (I had not  
moved from that chair for 2 hours) at that point  
I asked the Lt. IF I could fill out an Incident Report  
Then the officer replied and said that are you  
threatening me. I said no I'm writing an

Incident Report like yourself. He replied with are you threatening me. I said NO I'm promising you a report to Sheriff Robert Ruffo. at this point I thought I would write this, and then the officer told me that he wanted me to go in my room. Obviously he didn't like what I said and I feel that there is racist + because of my homosexuality. He made me feel that there was aggressiveness to challenge me to see if he could push me enough to make me take action against him. He made me feel like he wanted to take action against me and do bodily harm to me. Those are the main reasons of this letter. There are 3 copies other than this one. One on the way to Shelly Murphy of the Herald. The second to my lawyer. The third to Paul Gately, ASSIN. US ATTORNEY. IF you don't take action. The Press, my attorney, and Paul Gately, an (Investigator) on the evidence of harm from officers to myself. So Mr. Ruffo IT'S UP TO YOU. OR THE 3 ABOVE TO TAKE ACTION. Thank you

also I forgot to mention that the officer searched my room between 8:30 and 9:30 for whatever reason. I sat and watched TV while he looked through my personal belongings. I feel that he wanted me to jump up and look in my room while he was searching. I have nothing to hide so I just sat and watched TV.

Thank you
