

LEAHY NOTES

LEAHY - TRANSCRIPT OF AWT TRIAL

LEAHY SAYS AL SAID, ON 4 FEB 92, "I'M NOT GOING TO MAKE UP" THIS IS DIFFERENT!

HOW CAN THE GOVERNMENT EXPLAIN THAT DEVICES THAT CONTAIN A SIGNIFICANT AMOUNT OF ^{PHYSICAL} SIMILAR ITEMS, ARE LESS SIMILAR TO THE 91 DEVICE THAN THE 86 DEVICE WHICH CONTAINS MORE DISSIMILARITIES THAN SIMILARITIES, AND WHY ~~WOULDN'T~~ DOESN'T THE EXIS REPORT REFLECT THIS FACT.

DEMMY HLINE TESTIFIED THAT HE PERSONALLY WORKED ON DEVICES WITH ROUND, DONUT SHAPED MAGNETS / WOOD / TOGGLE SWITCH / FOTABA / SOLDERED, TWISTED WIRES / BLASTING CAPS / DYNAMITE / AA BATTERIES / GLUE / PLACED UNDER VEHICLES / AUTOMOBILES. THE GOVERNMENT CONCLUDES THAT THESE DEVICES WITH MORE ^{PHYSICAL} SIMILARITIES THAN DISSIMILARITIES ARE LESS LIKE THE 91 DEVICE AND THE 86 DEVICE WITH GENERIC SIMILARITIES, NOT PHYSICAL, AND MANY PHYSICAL DISSIMILARITIES IS SAID TO BE JUST LIKE THE 86 DEVICE. WHEN WASHROM WAS SHOWN THE PALLWIN PRESS BOMB BOOK THAT CONTAINED AN ALMOST IDENTICAL CIRCUIT AND DESIGN COMPARED, TO THE 91 DEVICE, WASHROM STATED THAT IT CONTAINED THE 3 BASIC DESIGNS OF A R/C BOMB. I BELIEVE HE STATED THE DIFFERENCE WAS A FLAMENT WAS USED BY THE SERVO TO TOGGLE SWITCH SET UP. - ONLY DIFFERENCE HERE IS THE SERVO IS USED TO PULL THE TOGGLE SWITCH INSTEAD OF PUSHING THE TOGGLE SWITCH AS IN THE 91 DEVICE. HE STATED THAT THE DESIGN DID NOT SHOW ANY ~~END~~ END OF CONTAINER, AND THIS WAS A SIGNIFICANT

(2)

DIFFERENCE - 86 HAD NO CONTAINER - THIS MUST ALSO BE DIFFERENT.

HE SAID THE OTHER DIFFERENCE WAS A SINGLE BLASTING CAP WAS USED VERSUS A DUAL CAP ARRANGEMENT AS IN 91 - THE 86 DID NOT EVEN USE A BLASTING CAP, A SIMULATOR SO THIS MUST BE TWO DIFFERENCES ~~AND~~ COMPARED TO THE 91 DEVICE.

THE POINT - IF THE PALLAN PRESS VERSION OF AN R/C BOMB HAS THE SAME COMPONENTS AND SET UP AS THE 91 ~~AND~~ WASHROM IS SAYING THAT THESE MINOR VARIATIONS ARE MUCH DIFFERENT THAN THE 91 DEVICE, HOW CAN HE SAY THE 86 DEVICE IS IDENTICAL.

TOGGLE SWITCH - PALLAN. HE IS SAYING THAT THE SERVO PULLING THE TOGGLE SWITCH WITH A FILAMENT IS NOT SIMILAR TO THE 91 DEVICE TOGGLE BEING PUSHED BY THE SERVO. THEN HE SAYS THAT THE 86 TOGGLE SWITCH IS MANUALLY THROWN, IN THE FIRING CIRCUIT, AND THEREFORE THIS SETUP IS MORE SIMILAR TO THE 91 THAN THE PALLAN PRESS SETUP. (YOU HAVE TO PUT TOGETHER WASHROMS 1ST + 2ND TESTIMONY) BUT LOOK AT IT - THE PALLAN PRESS VERSION IS MUCH CLOSER TO THE 91 VERSION - SERVO ACTIVATED TOGGLE SWITCH - THAN THE 86 VERSION - MANUALLY THROWN TOGGLE SWITCH, ~~AND~~ WASHROM DENIES THIS.

(3)

BATTERY LIFE QUESTION - 91 DEVICE

DENNY KLINE TEST 22 HOURS

GLEASON - NOT GOOD TEST - BATTIS WOULD LAST LONGER
OK - LETS GIVE THE BATTERIES TO MORE^{(5)*} HOURS
LET'S SAY THE SYSTEM WORKS FOR 32 HOURS^{(27)*}

IF THE ASSUMPTION IS MADE THAT THE BOMB WAS
STUCK ON SR'S BUICK AT 10 PM ON THE 26TH
AND THE FACT THAT THE BOMB WORKED, THIS MUST MEAN
THE SWITCH WAS TURNED ON @ 10 PM. 10 AM^{SUN THE 27TH}
IS 12 HOURS. 10 PM SUNDAY THE 27TH IS 24 HOURS
10 AM MONDAY THE 28TH IS 36 HOURS. 12 PM MONDAY
THE 28TH IS 38 HOURS. THIS IS SIX^{(11)*} HOURS LONGER
THAN OUR GENEROUS ADDITION OF^{(5)*} HOURS TO THE
BATTERY LIFE OF THE^{IDENTICAL} FOTABA SYSTEM TESTED BY DENNY
KLINE.

NEXT WE WILL BELIEVE THAT SR NEVER THREW THE
DEVICE, ONLY PLACED IT. AFTER SR HAD FOUND THE DEVICE
THE ONLY DAMAGE WAS TWO MAGNETS DISLODGED. THE BOX
WAS STILL INTACT. OFC FOLEY STATES HE LOOKED FOR
A SWITCH BUT DID NOT SEE ONE, THE ONLY THING HE
SAW WAS A SERVO MOVING.

22+5HRS

24+10HRS

THE FACT THAT THE SERVO MOVED TELLS US THE SLIDE SWITCH
WAS ON. IF ANYTHING THE SWITCH WOULD HAVE^{BEEN} BUMPED TO
THE OFF POSITION (ASSUMING IT WAS ON WHEN PLACED)
THE ONLY OTHER ASSUMPTION WE COULD MAKE WOULD BE THAT
THE SLIDE SWITCH WAS OFF THEN BUMPED TO THE ON POSITION

WHEN SR BACKED HIS CAR OVER IT.

IF THIS IS THE CASE, WHY WOULD SOMEONE GO TO THE TROUBLE OF PLACING THIS DEVICE BUT NOT TURN IT ON.

LISTEN TO

NOW IF WE ~~REVIEW~~ THE TESTIMONY OF CORBITT, CREW ON THOMAS, FOLLY, THAT SR THREW THE DEVICE AROUND 1 PM SUN AND THE DEVICE WAS [^] TURNED ON AROUND 10 PM ON SATURDAY NIGHT, WE COULD ASSUME THE ONLY POSSIBILITY WOULD BE THE SWITCH COULD HAVE BEEN SAIRIZED OFF, BUT THE FACT THAT THE SERVO MOVED TELLS US THIS IS NOT TRUE THE OTHER POSSIBILITY WOULD BE THAT THE DEVICE WAS PLACED AT 10 PM ON ~~SUNDAY~~ ^{SATURDAY} AND NEVER TURNED ON AND WAS STARTED ON BY EITHER SR BACKING OVER DEVICE OR HIS THROWING IT. BUT AGAIN WHO WOULD GO TO ALL THIS TROUBLE AND ~~NOT~~ NOT TURN THE DEVICE ON?

(27)*

THE IF WE TAKE 32 HOURS FROM 12 PM MONDAY THE 28TH ^{LONGEST} THE ~~EARLIEST~~ TIME BEFORE DETONATION ~~WAS~~ WOULD HAVE BEEN 4 AM SUNDAY. ^{(9 AM)*}

SO WE ASSUME THE BOMB WAS TURNED ON, SINCE THE SERVO WORKED, AND THAT IT WAS ON SINCE BEING PLACED ~~GIVEN THE ^{Worst} ~~Worst~~ CASE~~ IT MUST HAVE BEEN PLACED

SOMETIME SUNDAY MORNWG. THE 5 HOUR ADDITION TO DENN'S EXPERIMENT WOULD MEAN THAT THE BOMB WAS PLACED ON

24-5 HRS
22-10 HRS

SR'S VEHICLE SOMETIME AFTER SR LEFT HIS HOUSE AT 8:30 AM ON SUNDAY THE 27TH. THE 10 HOUR ADDITION TO DENN'S EXPERIMENT WOULD ~~BE~~ MEAN AN EARLY MORNWG

(5)

INSTALLATION OF THIS DEVICE. - AFTER 4 AM SUNDAY THE 27TH
IF WE TAKE THE 22 HOURS THAT DENNY CAME UP WITH
THIS WOULD MEAN THE SWITCH WAS TURNED ON BETWEEN
2
8 PM SUNDAY THE 27TH AND 12 PM MONDAY THE 28TH

TABA

22 HR BATT LIFE	ON @ 2 PM SUN 27TH (2p SUN - 12p MON)
27 HR BATT LIFE	ON @ 9 AM SUN 27TH (9A SUN - 12p MON)
32 HR BATT LIFE	ON @ 4 AM SUN 27TH (4A SUN - 12p MON)

LEAHY - AWT TRIAL TESTIMONY

MAKES STATEMENT THAT 133 ATLANTIC ST QUINCY TO
82 BROAD ST WEYMOUTH ~~TOOK~~ ^{TOOK} 15 MINUTES AT AROUND
12 AM MIDNIGHT ON NOVEMBER 5TH 1991

JAN 31 DISCUSSION

~~LEAHY SAYS I MENTION SHUNT, LEG WIRES, RADIO EFFECT ON
LEG WIRES AND DYNAMITE EXPOSIVE QUESTION - THIS ALL
LEADS TO THE OSHA BOOK AND WENTWORTH BOOKS~~

APPROX

DAMBROSIO STATED THAT 133 TO 82 BROAD TOOK 10 MINUTES
ON NOV 5 1991 @ 12 AM

EITHER 91 DRAWING MEANS AC BOMBER OR LUCKY GUESS
~~BY~~ ALLEGED DRAWING NOTHING LIKE WASHROM'S
~~BY~~

(6)

LEAHY

MAKES STATEMENT THAT TREMKLER WAS NOT CONSISTENT WITH OCT 28 WHEREABOUTS — HOW COULD I — ALL MY NOTES AND SCHEDULES WERE IN THE POSSESSION OF THE FDS — I HAD NO ~~PRO~~ REFERENCE TO GO BY

D'AMBROSIO

MAKES STATEMENT THAT HE WAS FATIGUED AT 12 AM AT ARCOMM. YET HE HAS ENOUGH ENERGY TO GO TO WITHERLAWN AVE UNTIL 2:30 AM.

LEAHY

SAYS I TALKED ABOUT SHUNT'S, LEG WIRES, AND DYNAMITE.
SAYS I SAID I LEARNED THIS FROM TV
WELL — WHY NOT — ~~HOW~~ ^{MANY} OF THESE HIGH TECH TV SHOWS SHOW THE USE OF DYNAMITE. PLUS AL IS IN CONSTRUCTION BUSINESS AND WOULD PROBABLY HAVE SOME FAMILIARITY.
^{2WAY AND MICROWAVE}
AL BEING IN ¹ COMMUNICATIONS WOULD KNOW THE EFFECTS OF TRANSMITTERS AND RECEIVERS ^{AND} ANTENNAS ~~THE~~ WHICH ARE NOTHING MORE THAN ELABORATE WIRES. SHUNT IS A COMMON ELECTRONIC ^{TERM} ~~WORD~~ WHICH CARRION, ALSO IN ELECTRONICS, ANSWERED WITH EASE. THE DYNAMITE SUBJECT IS NOTHING MORE THAN AN EXTENSION OF CHILDHOOD FIREWORKS KNOWLEDGE AS WELL AS FROM TV.

⑦

SHAY SR - COOPERATES WITH GOVERNMENT - MAKES HIM
LOOK LESS SUSPICIOUS

AL T - COOPERATES WITH GOVERNMENT - AL TOO COOL
AND CALM - LOOKS SUSPICIOUS
